(f) I have seen proof and checked the player's date of birth stated is correct			
Signature of Team Manager		Date	
Signature of Club Secretary		Date	

A player cannot play in the competition until they have an approved League ID card, and the ID card must be inspected before every fixture by the opposing team.

Player Registration fee must be included when submitting to the League. See notes for the League Player ID Card fee and Admin fee.

Player Fee £1 + £____ = £

If the player did not play in this League last season then proof of the player's age must be enclosed with this registration form

**Clubs must input this information on the League Player Administration System Website
Once on the League Player Administration system, send the completed form to the age-group registrar along with a SAE with the correct postage**

If the player played for the team last season, then Club Secretaries via the League admin system can download a pre-populated form with the player information on it for the players and parents to sign thus saving time.

Player Registration Notes 2017/18

The League has over 12,000 cards to process, in order to speed up the process and to make sure cards are not returned to clubs please note the following:

- As part of the partnership agreement with The Children's Hospital Charity each player registration costs £1. This fee will go to the Charity as a donation by the League. This must be paid at the point of registration. An admin fee is also payable and this amount varies. The sooner players are registered, the better and it will save clubs money

Players Previously registered with the League	Player Registration	Admin Fee	Total
Registered before end of July	£1	£1	£2
Register in August	£1	£3	£4
Register in September onwards	£1	£5	£6
Any new player to the League for the first time	£1	£1	£2

- All grey sections must be completed by the club/player/parent.
- Clubs remain responsible for the accuracy of the registration details notwithstanding the requirements of the parent/guardian's signature.
- Clubs must put all the information onto the League online player registration. Club Secretaries have access to the system to input the data. The player's photo is uploaded on to the system, so clubs need to take digital photos and upload them and put them onto the system.
- **The Player ID card is generated from the system and this must be cut out. Any ID card which is not cut out will be returned – this may sound petty but please see the bigger picture. Registrars cannot be expected to cut out around 12,000 ID cards.**
- You must note down at least one emergency contact telephone number for each player.
- **Players/Parents must give the team manager as much notice as possible regarding holidays that take place during the season. Managers need to plan ahead in order to put in postponement requests, which have very strict deadlines. If you do not, you could cost your team League Points**
- Please return your registrations as soon as possible to the appropriate age-group registrar.
Remember to include a SAE with the correct postage!
- In order to play in the first game on the season the cards need to be fully completed and given to the age-group registrar by **15th August**. After that date, no guarantees will be made that your card will be returned in time, though every attempt will be made.
- A player cannot play in the competition until they have an approved League ID card, and the ID card must be inspected before every fixture by the opposing team.

- Each team needs to have the following minimum numbers of players with completed registration forms with the appropriate League age-group registrar by August 15th or they will receive a £25 fine.
 - Under 7 & Under 8 single teams = 4 players
 - Under 7 & Under 8 double teams = 8 players
 - Under 9 & Under 10 single teams = 5 players
 - Under 9 & Under 10 double teams = 10 players
 - Under 11 upwards = 8 players

- The player's photo must be from the shoulders upwards.
 - No photo will be accepted without some sort of shirt on
 - No baseball caps etc to be worn
 - Individual photos will not be accepted if from a team photo

- If a player played in this League last season, then they do not need to send proof of age in this season, but they must write down on the form which team they played for. If a player DID NOT play in this League last season, then they need to send in proof of age

- All players must have signed a FA RESPECT code of conduct, which the club keeps and spot checks will take place during the season to see if that, has occurred.
