League Registration Process 2021/22

All players must complete a league consent form which can be found under player forms. These forms need to be stored correctly by the clubs (within GDPR guidelines) and available for spot check at any point.

Once consent has been acquired, use the Whole Game System to register your player. If the player is new, you must email proof of age to the registrar. This data will be deleted upon completion of checks. If you need help with registering players, watch the webinar on Microsoft teams (https://teams.microsoft.com/l/meetup-join/19%3ameeting_OGRmNjhhMWEtM2NkNy00OTFILWEwNTUtYjU0OWY1MTI2Zjli%40thread.v2/0?context=%7b%22Tid%22%3a%2245c92590-ccc6-46f9-80ff-9fc8d9edde39%22%2c%22Oid%22%3a%22734d25be-f168-4d1f-8259-77dc47cbce0a%22%2c%22IsBroadcastMeeting%22%3atruer%7d) For Any assistance on WGS that is not covered here. Please get in touch with the County FA.

Clubs must register players via The FA Whole Game System.

Squad Sheets must be generated via the Team tab and sent to allocated registrars in order to be verified and laminated, send the squad sheets with an SAE and with the correct postage.

New players must have a copy of the proof of age emailed to the appropriate registrar.

- As part of the partnership agreement with The Children's Hospital Charity each player registration will cost £1 – this season we are also asking for a voluntary contribution of £1 – this increase will be compulsory next season. This fee will go to the Charity as a donation by the League. Payments must be made at the point of registration (or in bulk on submission of squad sheets). An admin fee is also payable and this amount varies. The sooner players are registered, the better and it will save clubs money

Players Previously registered with the League	Player Registration	Admin Fee	Total
